**Teacher professional learning program 2019: Supporting student digital wellbeing**

**eSafety’s 2019 accredited Teacher Professional Learning program consists of:**

- 3 x 60 minute webinars
- An assessment quiz
- A summary infographic of the key learnings

Each webinar is being offered on several evening timeslots across Term 2 and 3

---

**The program**

1. **Digital CPR**
2. **Empowering families and community**
3. **Inclusion and digital wellbeing**

These webinars provide participants with an understanding of the relevant issues and strategies available to support the safe, responsible and ethical use of ICT in teaching and learning.

---

**Webinar 1**  
**Digital CPR**

By the end of the module participants will be able to:

- Understand changes to cyber-related laws and policy that may impact online safety.
- Identify education resources and strategies that empower students to deal with online challenges.
- Recognise current trends in technology and the latest online safety research.

---

**Webinar 2**  
**Empowering families and communities**

By the end of the module participants will be able to:

- Understand online safety concerns of families such as screen time, gaming and pornography.
- Identify the education resources and strategies available to help families address common online safety concerns.
- Develop ideas for engaging the whole school community in online safety awareness.

---

**Webinar 3**  
**Inclusion and digital wellbeing**

By the end of the module participants will be able to:

- Understand the circumstances or characteristics that may increase a young person’s exposure to risk of harm online.
- Identify strategies and resources available to support the diverse online safety needs of students.
- Explore some of the safety and accessibility features that are being built into new technology.

---

**Audience**

Teachers, school counsellors, school chaplains, teachers aides.

**Cost**
