

DIGITAL FAMILIES

connected homes and technology usage

Pre-schoolers (ages 2-5), Kids (ages 6-12), Teens (ages 13-17)

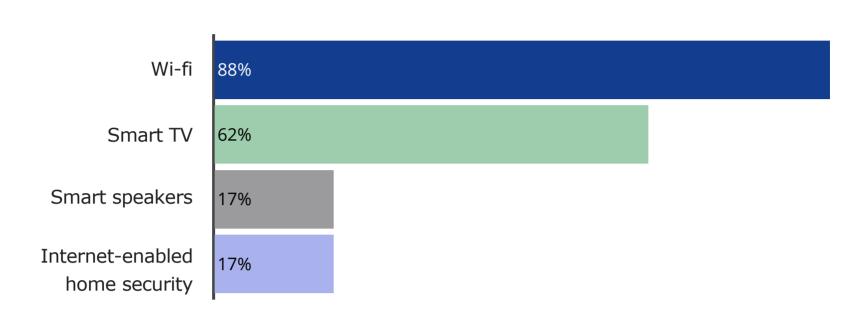

Almost all Aussie families have access to the internet

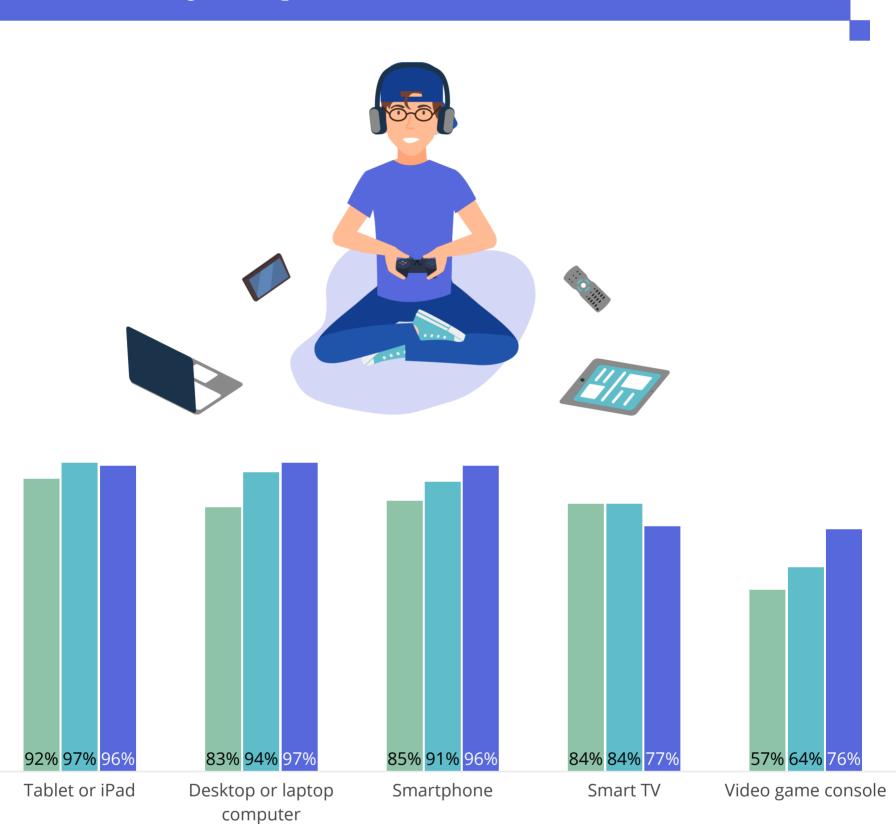

These homes are wi-fi enabled and smart.

99%

of parents with children aged 2-17 report having an internet connection in the home.

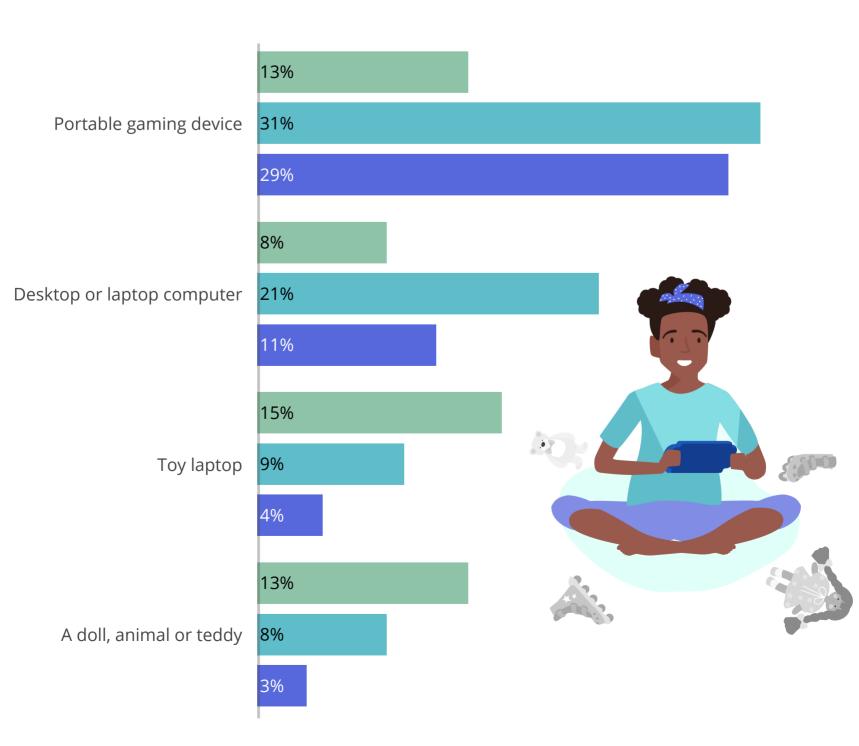

Parents report their children connect to the internet through multiple devices...
