Hi [REDACTED]

Thanks for the update on the phone earlier. I note you mentioned the eSafety Commissioner advised [REDACTED] [REDACTED] the need to refer the URLs they are currently blocking to the AFP, and that the eSafety Commissioner will not be reviewing the list of URLs.

Will [REDACTED] or do other ISPs need to be made aware of this also?

Kind regards

Just left you a voicemail but a quick follow up.

At the Taskforce meeting on Friday, the eSafety Commissioner stated the Office would advise ISPs on whether the websites they were blocking for hosting the Christchurch attack video continued to host it, or if that content had been removed. A number of ISPs were keen to get this advice.

PMO are interested to know when ISPs may be advised of this decision – if possible would be great to know today.

Any update you're able to provide would be much appreciated. Let me know if there's anything we can assist you with.

Kind regards
