For-Official-Use-Only

Hi All – I wanted to give you an update on the current state of play as things have moved forward since we last spoke. [REDACTED]

[REDACTED] Our CyberReport team has analysed each of those links and has found that 31 still resolve either to the video or manifesto. We are now assessing the hosting characteristics of the domains that are known to us and will be considering potential courses of action once that information has been obtained.

The tone of the letter did echo some of what we heard in the TF meeting, ie, "The Government gave us no direction when we voluntarily unblocked...". [REDACTED]

[REDACTED]

Please let us know if you have any questions.

Julie

PS You can check off that action item. eSafety has reviewed "the list"!!!

For Official Use Only

Hi Julie

I realise you are probably travelling back to Sydney now, but can we please get an update tomorrow on your discussions with [REDACTED] and the ISPs re: providing advice on unblocking websites?

[REDACTED]

[REDACTED]

Grateful if you could confirm, and in particular whether you've been engaging with each of the major ISPs [REDACTED] in particular, given their strident views last week)?

Thanks
