Hi team USA

Hope you are all doing fine!

We are getting ready for Julie's Zoom call this week and thought ahead of that call, we would share this new video that Julie has done recently. We wondered if it would help out with some of the below questions as well; and depending on your format for the day, may break up some of your other speakers?

We weren't sure given our emerging CIVUID issues in Sydney if this would be done at all. However, we think it is a really high quality presentation – see below for the link and the Password that opens the Vimeo. We are going to use it domestically and internationally. It is being launched tomorrow night (our time) at the UN. So while it wouldn't be an exclusive, it is such good quality it would contribute to good social media returns for NCOSE.

Let me know thoughts and if this helps out.

Talk soon!

Dear [REDACTED],

I hope this email finds you well. We are excited that Commissioner Inman Grant is able and willing to participate in this CESE Summit. A 1:1 interview style presentation will be fine with us. Our Vice President of Global Partnerships and Events, Haley McNamara will be the one to conduct the 1:1 interview. Please find below the list of the questions we would like to discuss:

- **Commissioner Inman Grant's personal background and what the eSafety Commission is / why it's needed**
- **the Safety by Design principles and particularly how they may help stop grooming or online sexual abuse**
- **how she's worked with different stakeholders including NGOs, and the importance of those partnerships**
- **what are the responsibilities of corporations to prevent or intervene in online sexual exploitation**
- **the rising problem of image-based abuse and what tools / support they offer**
- **an overview of where Australia currently stands regarding user age verification for online pornography**
- **Now that the eSafety Commissioner is developing a roadmap for what implementing age verification could look like, what are the potential benefits of age verification that they're seeing / what are the more challenging questions they wrestle with**
- **Any advice for those who work with or within other country's governments on how to set up something similar to the eSafety**

Commission's work, or to be more proactive about addressing these problems

Please respond with which of the following dates/times will work for the Commissioner to record the interview with us and we will send a Zoom link with the invitation details.

Friday July 9th at 5pm, 6pm, 7pm Australian Eastern Time

Tuesday July 13th at 5pm, 6pm, 7pm Australian Eastern Time

Wednesday July 14th at 5pm, 6pm, 7pm Australian Eastern Time

Thursday July 15th at 5pm, 6pm, 7pm Australian Eastern Time

If you have any further questions or concerns, please do not hesitate to contact me.

Warm Regards,

Katheryn

Dear Katheryn

Thanks for your email. The Commissioner will be able to participate in your upcoming CESE Summit with the Vice President, Haley McNamara.

Could this be achievable on a Zoom call in a 1:1 interview with the VP?

To assist in our planning and preparation we would be grateful if you could please advise the interview questions in advance.

To this end, could you please confirm what the anticipated date would be for this Zoom call.

Thank you for the opportunity to be involved in this critical event #EndExploitationMovement! We don't need an honorarium to be paid.

Looking forward to hearing from you soon – if a call would work to talk about things let's have a call.

Kind regards

Subject: Invitation to Present CESE Summit – Julie
Inman Grant July 20-24th [SEC=OFFICIAL]

Dear Katheryn

Sincere apologies for the late reply. We have had major deliverables this month including our Online Safety Bill going through the Senate.

Thank you for the kind invitation sent to the eSafety Commissioner, Ms Julie Inman Grant to participate in the upcoming CESE Summit in July for a live panel discussion.

If possible, are you or a colleague available to have a brief chat with our Senior Executive Officer, [REDACTED] [REDACTED] to clarify the options available for the Commissioner for both the virtual live platform (panel) or a pre-recorded (presentation) platform logistics and perhaps discuss the content other panelists will speak to, at your earliest convenience.

We realise the Summit is fast approaching and we will be in a position with the Commissioner's schedule to make a decision.

I have copied [REDACTED] into this email for further communications.

Kind regards

[REDACTED]
