Assessment of material

Material intending to cause serious harm? Yes
 Reason - material intending to cause serious harm: In addition to the factors outlined in associated complaint ACA-2023-0183688, Tweet 6 has been assessed as likely to cause serious harm because:
 a) An ordinary reasonable person would conclude that the tweet, posted by the same end-user as the previous tweets, is intended to cause the Complainant, s47F, generating a seriously harmful and offensive narrative on a public social media platform that the Complainant's act of breastfeeding was s37(1)(c)

Material is menacing, harassing or offensive? Yes
 Reason - material is menacing/harassing/offensive: In addition to the factors outlined in associated complaint ACA-2023-0183688, Tweet 6 has been assessed as likely to cause serious harm because:
 a) An ordinary reasonable person would conclude that the tweet, posted by the same end-user as the previous tweets, is intended to cause the Complainant, s47F, generating a seriously harmful and offensive narrative on a public social media platform that the Complainant's act of breastfeeding was s37(1)(c)
