eSafety
National Student Wellbeing Program (NSWP)

Information and resources

Use and share these eSafety resources to help students and their support networks to have safer, more positive experiences online.

About eSafety

eSafety can help deal with online abuse and harmful content including:

- **cyberbullying**
- **adult cyber abuse**
- **image-based abuse**
- **illegal and restricted content**.

For educators

Policies and guidance

- **Toolkit for Schools** – guidance materials to assist school communities to create safer online environments.

- **Best Practice Framework** – an evidence-based framework to support the delivery of online safety education.

Classroom resources

eSafety offers a range of teaching resources for **early learning**, **primary** and **secondary** educators, as well as **Virtual Classroom webinars** for years 3 to 6.

Explore eSafety's resources about how to build respectful relationships:

- **For primary students**

  - **Mighty Heroes** – a collection of four video activities. Each one features a hero and their online safety superpower.

  - **Making good choices online** – a presentation and lesson plan to encourage students to think before acting in a way that may affect others.

  - **#Game On** – a series of video episodes that explores the importance of treating others with respect.
- **For secondary students**

  - [Rewrite Your Story](#) – a series of short videos to help students understand the impact their decisions and actions can have on themselves and others.

  - [Young and eSafe](#) – short videos and web content that highlights the value of respect, responsibility, empathy, resilience and critical thinking.

  - [The YeS Project](#) – a collection of workshops to encourage young people to act as positive leaders and supportive friends in social spaces.

  - [Respect Matters](#) – a slide deck and teacher guide to teach students to manage relationships and respect differences.

Professional learning and training

- [Webinars for educators and others working with children and young people](#).

- [Online modules for lower primary educators teaching online safety](#).

- [Professional learning modules for early childhood educators](#).

Latest news and research

- [Blogposts](#) – up-to-date information about new technologies and staying safe online.

- [Research](#) – reporting and analysis on online safety experiences, issues, trends and responses.
