# Educators and school support staff survey

1. **Online safety and me:** these statements relate to the general understanding of staff about online safety, including their rights and responsibilities as a member of the school community. They ask staff members to think about how they keep themselves safe online, how they interact with others and how much they consider online safety when using digital devices.
2. **Online safety education:** these statements relate to the online safety learning experiences staff members have had at school. They encourage them to think about what they have taught and how they teach it (if applicable).
3. **Online safety at our school:** these statements relate to the school and/or education sector's policies and procedures. They ask staff to think about whole-school practices and processes for managing online safety.

Online safety and me				
	A Not at all	B Sometimes	C Often	D Always
1. I keep up to date with new and emerging technologies and think about how they can impact me both professionally and personally.				
2. I think about student safety whenever I use technology in the classroom.				
3. I can give students informed and supportive information if something goes wrong online during or outside of school hours.				
4. I know how to report an online safety incident involving a member of the school community.				

Online safety education				
	A Not at all	B Sometimes	C Often	D Always
5. I integrate online safety concepts into my classroom lessons.				
6. I allow students to participate in class discussions about the opportunities and challenges they face online.				
7. I teach my students how to identify and question the different types of content they see online and to consider the risks and consequences of misleading and harmful information.				
8. I teach my students how to address unwanted contact online, including sexual pressure from older students or friends and people they don't know.				
9. I am confident that I can teach a comprehensive online safety education program in my classroom.				
Online safety at our school				
	A Not at all	B Sometimes	C Often	D Always
10. I take part in online safety professional learning to keep up to date with emerging issues and learn new teaching strategies.				
11. I have opportunities to learn about our school policies and procedures that relate to online safety.				
12. I have opportunities to contribute to the shaping, updating and changing of online safety policies and procedures at my school. I get to have my say.				
13. Our school reviews and assesses our approach to online safety including education, policies and procedures, professional learning and communication with students, parents and carers.
