Parents and carers online safety survey

1. **Online safety, me and my family:** these statements relate to your general understanding of online safety, and how you keep your family safe online.
2. **Online safety education:** these statements relate to your online safety learning experiences. They prompt you to think about what you have learned and how you access online safety information.
3. **Online safety at our school:** these statements relate to your children's school policies and procedures. They ask for your views about the school's approach to online safety.

Online safety, me and my family				
	A Not at all	B Sometimes	C Often	D Always
1. I regularly talk with my children about the importance of being safe, respectful and responsible online.				
2. We talk regularly as a family about using devices and online experiences and their impacts on us.				
3. Our family has a set of co-created rules about how devices like smartphones, tablets, computers, TVs and gaming consoles are used at home.				
4. My child knows what to do if they have a negative online experience. For example, they know how to report or block a user, and tell a trusted adult.				
5. I am confident I can speak with my child about tricky online subjects such as cyberbullying, unwanted contact, grooming and pornography.
